

**SCORIS INTERNATIONAL
SCHOOL UGANDA**

HEAD LOWER SECTION

I am really proud of our school and the staff who work extremely hard to make learning meaningful, fun and exciting.

We work as a very close team and strive to involve parents as much as possible in the learning of their children. I am extremely honoured to be the Head Lower Section of Scoris International School and as they move to the upper section, they have the idea that;

"I believe and I have the confidence to succeed."

At Scoris International School we aim to provide a broad and balanced education for all the children within a happy, stimulating and healthy environment and we want each child to achieve the best he or she can. We have excellent teachers, office staff and support staff who all work as a very close team as we promote the development of excellent relationships between students and whole staff team. Our Governing Body plays an essential role in the development and success of the school.

Our school has a strong tradition of celebrating achievements and encouraging learners self-esteem. Students voice is an important part of school life too and their ideas for improving our school are discussed and acted upon.

We also have a reward system in school annually which promotes positive behavior among our students. Learners receive certificates, medals and trophies presented in our Prize Giving Ceremony for; academic achievement, Golden behavior, hard working leaders of the year, smartness, resilience, reformed learners, and so many others.

Our meals are always served on time with different daily menu where our learners have it from the dining as they interact with their peers of different classes.

At scoris International School, we have fear for God. Spiritual hour is arranged weekly that's to say ; every Friday. Different spiritual leaders of different religions are invited to teach learners as they are grouped according to their faith or religions.

Parents out there, Scoris International School is a school for your child to be!

By the time children leave lower and upper section too, they are responsible, independent , intelligent young people and we are very proud of them.

We move **"TOWARDS GREATER HEIGHTS"**

THE FINANCE DEPARTMENT

Dear SISU family,
We would like to thank you for your efforts made towards clearing school fees on time. However, some have not managed to keep up with timelines.

Please note:

- A minimum of 70% of school fees must be cleared at the beginning of the term.
- Children whose fees have not been cleared will be sent home after 10 days until full school fees are cleared.
- Children with any outstanding amount will not be allowed to begin the new term.
- If you wish to register your child for transport services please do so before the beginning of the term as it will help the school plan better for them.
- Offices will be open during holidays from 9 am to 2 pm.

MESSAGE FROM THE HEAD UPPER SECTION

Dear Parent / Guardian,
As we close Term III of the Academic Year 2024/2025, it's a momentous occasion to reflect on the remarkable journey our students have undertaken. At Scoris International School, we pride ourselves on nurturing well-rounded individuals who excel not only academically but also in discipline and other social values.

Throughout the entire academic year, our Cambridge General Certificate of Education (Yr. 11, Yr. 12 and Yr. 13) programs have been a great foundation for our students' successful academic life, challenging them to push beyond their boundaries. The dedication and hard work exhibited by our students have been truly commendable. From mastering complex mathematical concepts to acing humanities and sciences, our students have consistently demonstrated a thirst for knowledge and a passion for learning.

Discipline and Character Development

At Scoris International School, we believe that discipline is the backbone of success. Our students have shown exemplary behavior, adhering to the school's core values of respect, responsibility, and resilience. Through various co-curricular activities, our students have developed essential life skills, including leadership, teamwork, and problem-solving.

Social Values and Community Engagement

Our school community is built on the pillars of empathy, kindness, and inclusivity. Students have actively participated in community service initiatives, fostering a sense of social

responsibility and compassion. By engaging with local organizations and participating in charity events, our students have developed a deeper understanding of their role in society and the importance of giving back.

Looking Ahead

As we head for the summer holiday, we encourage our students to maintain their momentum, setting new goals and striving for excellence in all aspects of school life. We are confident that our students will continue to shine, demonstrating the values of a true Scoris International School student: confident, caring, innovative, and reflective thinkers who are open-minded, knowledgeable, inquisitive, and morally upright.

In conclusion therefore, we extend our heartfelt appreciation for your tireless efforts and unwavering support. Together, we are shaping the leaders of tomorrow, and we look forward to witnessing the incredible achievements that Term I come the Academic Year 2025 / 2026 will bring.

Best regards

Tr. Andrew Muwangi

MESSAGE FROM THE PRINCIPAL

Dear Parent/Guardians

We have come to the end of yet another exciting term and academic year 2024/2025.

I cannot thank all our stakeholders enough and individually, for the continuous support and words of encouragement.

Term III has been very productive and engaging to the teachers and the learners both in academic and co-curricular activities.

Reflecting on the past two months, we have had a number of exciting activities with great success.

In the field of academics, our May/June candidates have been able to complete their IGCSE and GCE exams for year 11 and 13 respectively.

We have sat 67 learners for the International General Certificate of Secondary Education (IGCSE) and 42 learners for the General Certificate of Education (GCE). Our learners were well prepared by the teachers, the exams were administered successfully and we look forward to the best results. The results for the exams are due on the 19th of August 2025.

End of year exams to our non-candidate learners have been administered in addition to the mid-term assessments.

Our Parent -Teacher Conference were well attended. Bravo to all parents and Guardians who attended the PTC for taking time to check on the progress of our learners.

The end of term reports shall be ready for collection on the 20th June 2025. For the parents that missed out on the mid-term assessment reports, please feel free to ask for them from the reception.

We also held our Award Day on the 9th May, 2025 on which above 210 were awarded with certificates, medals and accolades for their outstanding performance in the different aspects of school life. I would like to report that the day was colorful, well attended and very successful. We further congratulate all the awardees of that day.

In line with the awards day, I would also like to congratulate

our girls who took part in the, "My World Video Challenge," a competition organized by the British Council for emerging the Global winners. We are yet to receive their medals and prizes from the organizers.

Success has also been registered in the area of sports. Scoris International School emerged runners up in the International Schools Volleyball tournament and we brought the trophy home.

We have noted with concern that the boarding learners spend a lot of time after school on their gadgets. As a result therefore, we have decided to revisit our policy on gadgets where learners shall be allowed to access the devices over the weekend. I would like to argue all parents and Guardians to understand the need to shift from our earlier position and work with us to ensure that the learners use their time at school profitably.

Lastly, I would like to conclude with exciting news of Scoris acquiring a new home. I trust most of you have heard the rumors.

Our new home is the Kakungulu Height located in Kibuli Block 15 plot 1995 at Kibuli Hill.

The facility is a five storied building that will be able to accommodate all the learners without any make shift arrangements.

Following the acquisition of the new facility, management has began working with the International Baccalaureate for the school to offer the International Baccalaureate Diploma as an alternative system to the GCE A'levels.

I would like to thank our stakeholders for the support without which, it would not have achieved this milestone.

We are looking forward to your continued support.

ZAAKE SIRAJE
PRINCIPAL

MESSAGE FROM THE SCHOOL HEAD OF CURRICULUM

We are grateful to God for the successful competition of academic year 2024/2025 and the Office of Curriculum is proud to reflect on the remarkable strides made in our academic journey between August. This year has been a testament to our unwavering commitment to excellence in teaching and learning, with numerous milestones that continue to shape our school's legacy of quality education.

Some of the major highlights of the academic year was the successful completion of both internal and May/June external examinations (IGCSE & GCE), **Annual Spelling Bee**, My World video challenge, where we emerged global winners, Awards Day, and many other activities in various departments.

Of course, this academic year has not been without its challenges. We encountered a few cases of indiscipline that were swiftly and effectively addressed through a combination of school-led disciplinary action and reinforced community engagement.

We take this opportunity to emphasize the critical role of **parents and guardians** in supporting the holistic development of their children. While the school continues to provide

academic support and guidance, it is essential that families remain actively involved in the lives of their school-going children. A united approach between home and school lays a stronger foundation for personal responsibility, discipline, and academic success.

Young adults leaving Scoris International school this year, we wish you the best of luck in all your endeavors and a brilliant future full of hope focus and determination to succeed in the arena of life.

Blessed and joyous summer holiday.

DOROTHY. A. ASHABA
HEAD OF CURRICULUM

MESSAGE FROM THE PASTORAL DESK

Dear parents and guardians, We would like to congratulate you on the completion of another successful year in Scoris. We take this moment to express our heartfelt gratitude for your unwavering support and co-operation. We pray that the Almighty grants all the effort to continue to grow in our endeavors as the SISU Community.

-We are very much delighted to report that our efforts to promote discipline and good behavior have shown a great remarkable difference in our learners. Learners have displayed a notable improvement in their conduct, and we are grateful for the co-operation you have shown us whenever you are called upon to discuss indiscipline issues of the learners. We should keep the fire burning!

"Aluta continua"(the struggle continues) as we move into the future, we encourage you to continue observing the discipline of your child /children and take much interest in the peers your child is interacting with because they also

have great influence on the child's discipline. Do not stop guiding them. We urge you to take time to talk to them, give them a listening ear to their concerns and help them to understand the world beyond.

-We do believe in your unwavering support that our learners shall develop into responsible, compassionate and confident individuals. By working together, we can empower them to reach their full potential and make a positive impact in the world.

We have had to review our policy on gadgets, especially mobile phones and smart watches. Learners are not expected to carry their phones and smart watches to school because it has been observed and noted that these have largely contributed to indiscipline and therefore affected the academic progress and orientation of the learners.

For the boarding learners, their phones shall be kept in school and only given back during the weekend to control misuse and mismanagement of these gadgets. We encourage learners to keep their smart watches at home.

We look forward to continuing our partnership with you in the new year 2025-2026.

With sincere appreciation and best regards,

Bukirwa Amina Kategaya
HEAD OF PASTORAL DUTIES
